

CONSENSUS

MULTI COMBINATIONS

T O P O F T H E L I N E

CONDISP/1

Arranged on ingeniously designed angled display shelves your periodicals, brochures and magazines will get maximum exposure. While printed materials are being displayed to their full advantage, there is ample space at the back for storing previous editions or spare copies. Practical, functional – easy to manage and keep tidy!

1699 MM

2093 MM

TOTAL HEIGHT INCL. ADJUSTABLE FEET • ALL PRODUCTS ARE AVAILABLE IN BOTH BIRCH AND BEECH VENEER

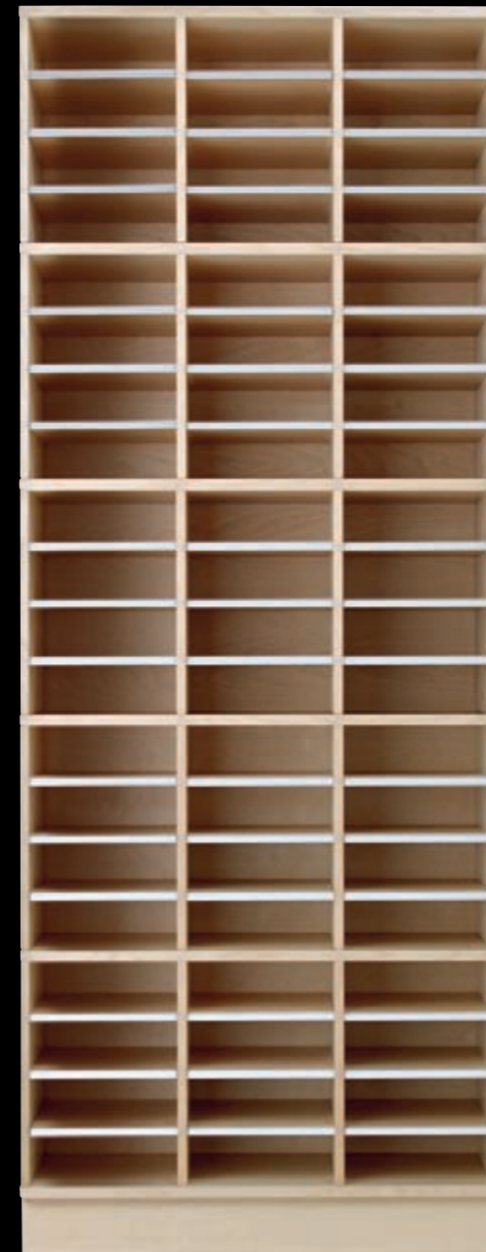

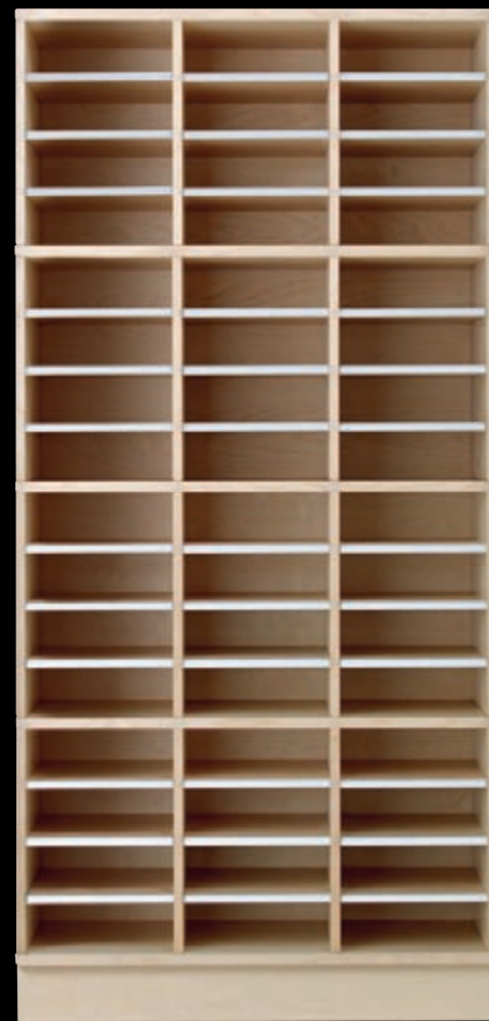

CONDISP/3

The cabinets for periodicals, just as our other units, come in a variety of styles, designs and sizes.

CONPOST

The cabinet that literally swallows all office forms. Keeping papers in order is easy when you label the pigeonholes using specially designed aluminium label panels.

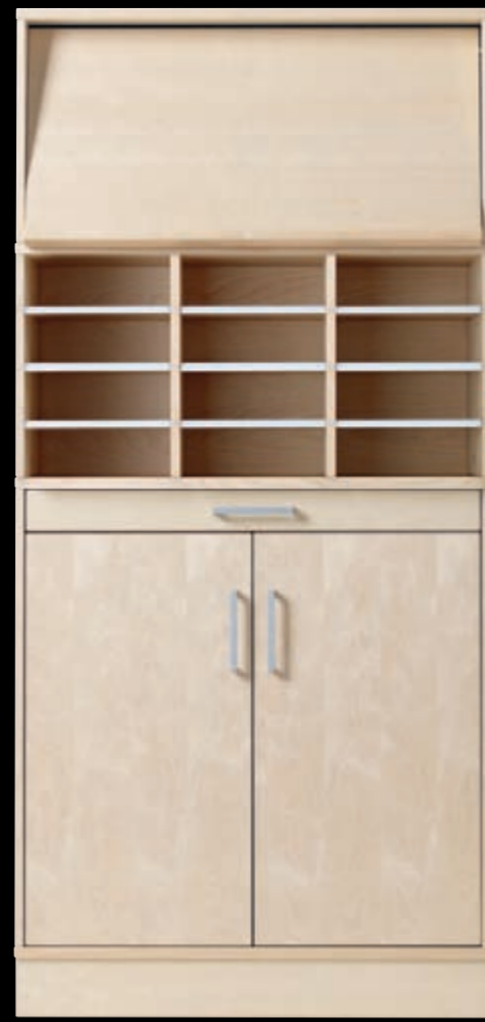

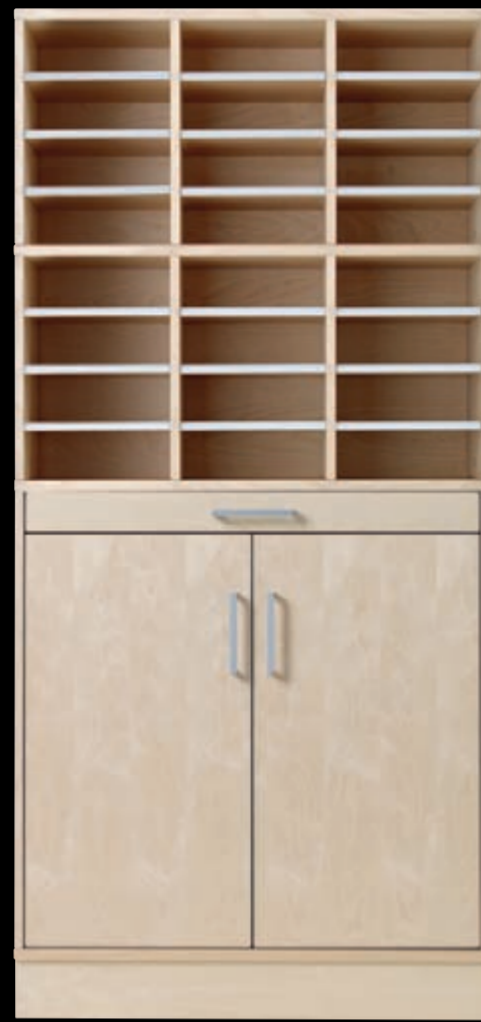

CONBIND

As experts, we know exactly what is required where style, workmanship, details and design are concerned.

COMBINATIONS

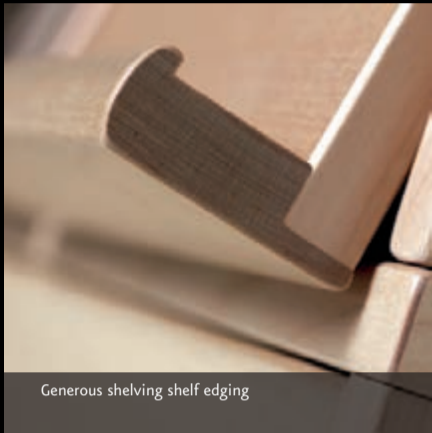

Each module fits together with the others. The combinations create a composite and harmonious impression.

We are proud to present a range of furniture that meets your high demands on quality, functionality and style.

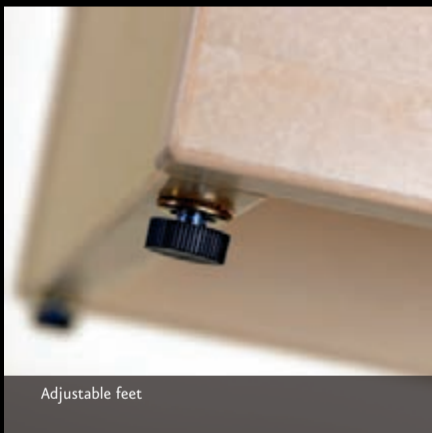

Aluminium labelling panels

Generous shelving shelf edging

Practical pull-out reference shelf
